

Orienteering Course

Route: 5

Distance: 1.0 Miles

General Directions and overview:

While using the orienteering course, use a compass and good orienteering practices. In addition, consider that you are a scout and all the normal rules apply: Leave no Trace, buddy system, outdoor code, scout oath and law, and more.

You can and should complete this course without going deeply into any ravine or going too far off the trails, roads and activity areas of the camp.

Begin at the indicated marker or point. Be aware of the fact that the headings are true north heading not magnetic north do be sure to adjust for the declination.

Each control point has a tag on it with a four digit number. Record the four digit number since this is how you will prove you found each control point.

Begin at the marker at the corner of the field sports shelter.
